

## PIE September 16, 2009 Meeting

President Robbie Balke called the meeting to order.

Principal Andersen led us in a devotion entitled "Lost"

Secretary minutes were approved following a motion from Randy Harms and a 2<sup>nd</sup> by Rhonda Andersen. The treasurer's report was then approved. Randy Harms made the motion and Connie Berendzen made the 2<sup>nd</sup>.

Mr. Andersen gave a brief principal's report and asked that if a child is sick, please keep them home.

**Float update** - President Balke expressed great thanks to all who contributed their time and effort in building our float. It received a blue ribbon and grossed \$746.95. We will be taking it to the Sedalia Christmas parade in December. Thanks to Larry Viebrock who is allowing us to store the float in his building till then.

**Old business** – Replacement of the volleyball standards was discussed due to current one needing repair again and being held in place with a bungee cord. Also, the weight of the poles is a concern during setup. A bid of \$2800 was received in Sept 2008. A motion was made by Coraleen Balke to give the PIE board the authority to order new volley ball standards up to \$3000 . Motion 2<sup>nd</sup> by Randy Harms. An amendment by Tammy Eckhoff that the new set up be used only for LSA functions, Norma Schlesselman 2<sup>nd</sup> this amendment. Motion approved but opposed by Connie Berendzen due to usage amendment – lack of controlling this.
